Pilot Project: Kiss 'n Ride @ MOON @ front of school

We need your help! We need parents/guardians to run the Kiss 'n Ride from 8:15-8:30 daily. You would only have to sign up for one time slot for the pilot project. We will then use the data to determine if there is enough interest and volunteers to run the Kiss 'n Ride. Plus, you get a free HMB coffee mug if you volunteer! :-)

By the way, the drivers who are currently using our Kiss n Ride in the morning are doing an awesome job!

Lates in the morning on the MOON

We hope with the nicer weather ahead, that the number of lates in the morning decreases. We are changing the process for the safe arrival of late students in the morning. Pylons will be set up on the sidewalk outside of the school. Please wait with your child beside the pylon. When it is your turn, use the intercom to let the office know your child has arrived at school. State their first and last name clearly and grade. Your child will be buzzed into the school, will collect their late slip and head to class. **Please note, from 8:40 am-8:45 am**, it is our exercises (Land Acknowledgement, O Canada, Moment of Reflection and Daily Announcements) **and lates will not be processed at this time.**

Take care,

Enjoy the last week of February!
